

# AQUARIUM WITH FISH AND FOOD

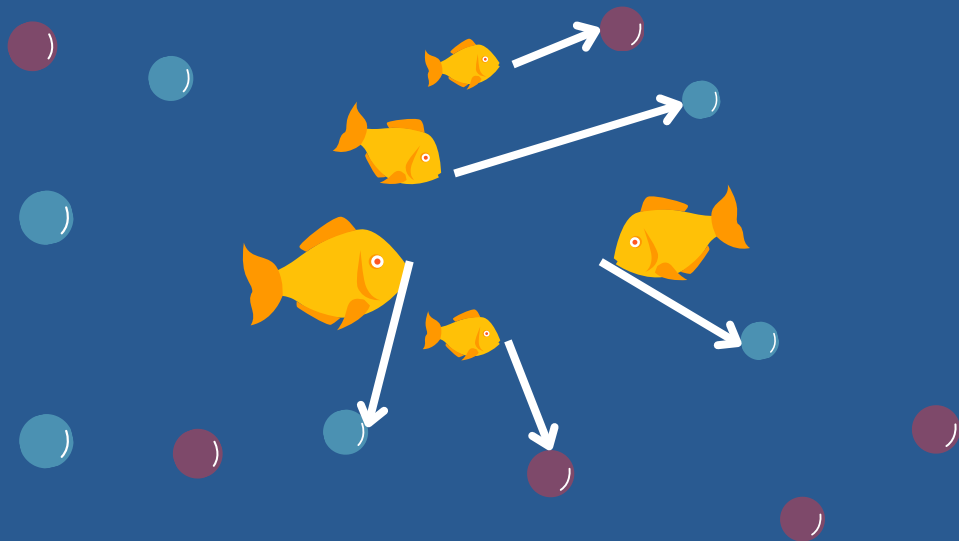

(Click to feed the fishes)

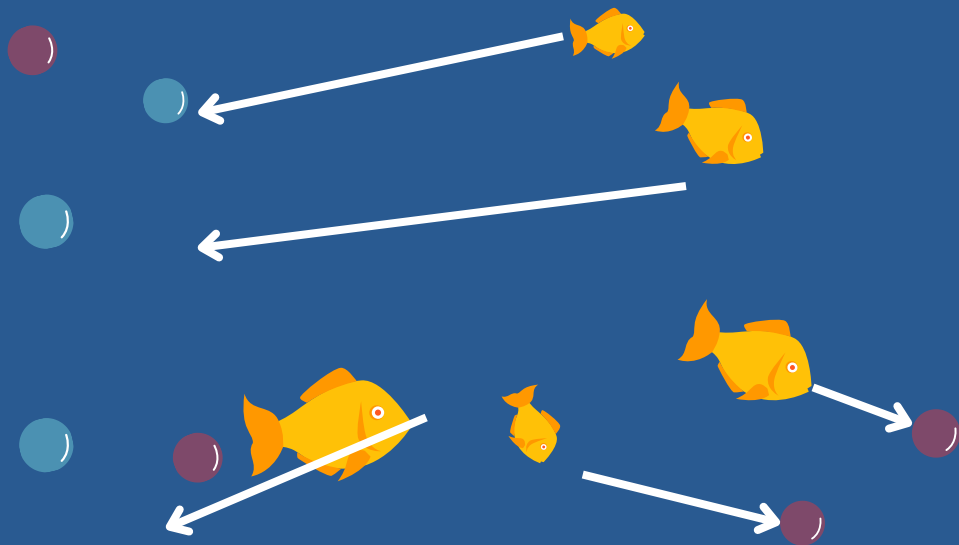

Lovish Bansal (102117148)

Soham Kumar (102117157)

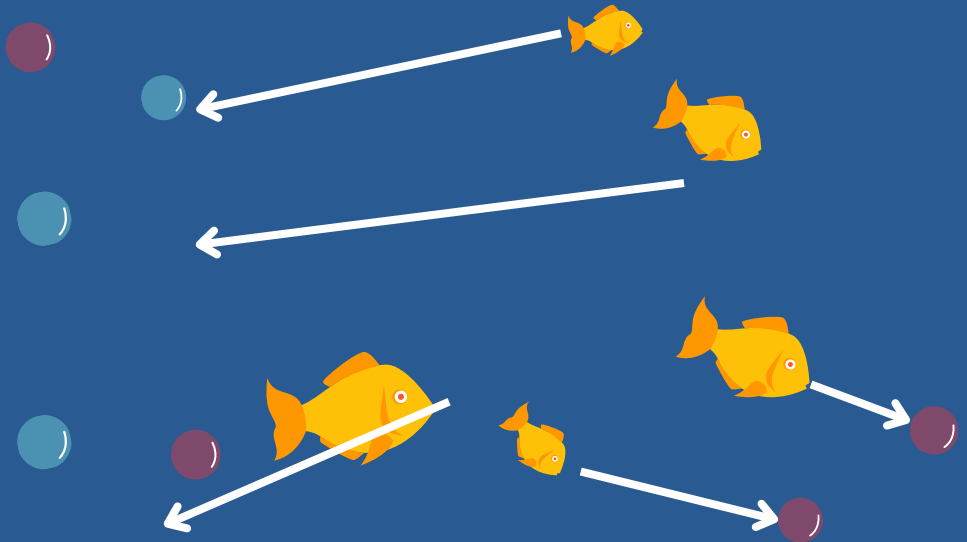

Fish gets close to the food

Fish eat the food and search for more.....

and so on the fishes will eat food.....

if fishes eat all food where you will click more  
food will come and fish will eat it again...
